There is some improvement in the Returns made by the officials in the past year but there is still room for further improvement. There is yet a large number in arrears and it may be advisable to publish a list of defaulters in a future Bulletin. We cannot understand how some Councils accept the incomplete Roll from Assessors in the manner they do. In an old settled township the Clerk made his Return from Assessment Roll showing a decrease of 10,000 acres in the area cleared. We wrote him on different occasions in connection with this reduction and he contended that the figures returned by him were the Assessor's figures and he could not change them. We wrote the Reeve and finally the clerk corrected his return to bring the clearance up to what it was in previous years. It would be well if the Council or some competent person would audit the Roll, correcting any errors or omissions before it is

accepted by Council. Some Clerks contend that the Roll is not added and they cannot make the Return.

The Assessment Act requires that the Assessor shall deliver to the Clerk of the Municipality the Assessment Roll completed and added up. In 1904 the Act was amended requiring the Assessor to value all exempted property, but, in some cases, even at this date, this has not been done.

Taxable and Exempt Property.

1916.....	$1,076,742,336	$760,395,714	$87,612,325	$162,011,349

The reduction in the land taxable in the cities is caused by a lower assessment in Fort William and Port Arthur.

The totals given in the above tables are subject to revision in the Annual Report as soon as all returns have been received and verified or corrected.
